

THAT'S WHAT FRIENDS ARE FOR

(O'Donnell / Campbell)

- Vse1: When you think life's unfair, and you feel nobody cares
Don't be afraid to open the door then you'll find you're not alone anymore
- Vse2: Sometimes there's rainy days you may need help along the way
Do not despair, you know we'll be there – that's what friends are for
- Ch: All pull together, all join hands, all friends together, forever
We are the best friends, we stand as one, whatever life may bring, we are never alone
We're together, forever, as one
- Vse3: Life's full of ups and downs, just like a merry-go-round
Happy or sad, we'll stick by your side – that's what friends are for
- Ch: All pull together, all join hands, all friends together, forever
We are the best friends, we stand as one, whatever life may bring, we are never alone
We're together, forever,
- Vse4: One day we may be apart, and the distance may sadden our hearts
Wherever we stray, remember this day
Friends together, forever, we stay
