

TOBY

(O'Donnell / Campbell)

- Vse1: North of the island, there lives a dear old train, a little tram engine toby is his name
He's quaint and old fashioned, but careful and wise
His coach is henrietta and she's seen better days.
- Vse2: His mind keeps returning, to the good old days when they were busy,
working everyday
But nobody rides with them nowadays,
They can't understand why things have changed
The line is closing down today forever.
- Ch1: Toby oh toby, what will become of you. The worlds much nicer,
whenever we see you
Toby dear toby there's still lots that you can do
Oldies but goldies, we still care about you.
- Vse3: All of the children came to say goodbye,
They clapped and cheered as toby rang his bell bye bye
Everyone was sad to see them go
Whatever will they do and where will they go.
- Vse4: Suddenly news came to brighten up their day
How toby and henrietta were needed right away
The fat controller had written to say,
Could they please come and help right away
Now they're part of his family, forever
- Ch2: Toby oh toby show them what you can do, the worlds much nicer,
whenever we see you
Toby dear toby, there's so much to learn from you
Oldies but goldies we still care about you
Oldies but goldies we still care for you.
